

**July 30, 2020**

Greetings Bulldogs,

The WYASD is finalizing rosters for the 2020-2021 school-year for both the Cyber Academy (WYCA) and brick and mortar classes. In order to work with the most accurate count and make decisions for all learners, all families interested in the West York Cyber Academy must declare their intentions by Sunday, August 2nd. To do so, please complete the [Notice of Intent Form](#). During the week of August 3rd, District Administrators will conduct intake meetings to finalize enrollment status and officially transfer your child/ren. This intake meeting is required to finalize any enrollments in the WYCA.

On Monday morning, August 3rd, all families who have not declared intentions for the Cyber Academy enrollment will be rostered for the building classrooms. Families wishing to enroll children in the WYCA after the August 2nd deadline, will need to wait until after the beginning of the school year in order to allow administrators to appropriately plan for accurate enrollment numbers and meet the requirements of our approved West York Area School District Health and Safety Plan.

Thank you for your understanding and cooperation as we prepare for our 2020-2021 school year.

**Melissa Appnel**
