

SEPTEMBER 23-29, 2019

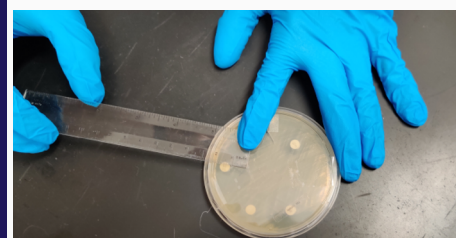

WEST YORK AREA SCHOOL DISTRICT

BLUE & WHITE

Every Student Every Day

Congratulations to Griffin Conaway for winning the Constitution Day competition in **Mr. Raul Urrunaga's** 4th period **High School** AP US History class! Winners received an "autographed" picture of the Constitutional Convention.

Mr. Joseph Warns (Project Lead the Way Tech Ed. teacher) and a few of his **Middle School** students presented at the September 17th Board meeting, showed a short video, and talked about their latest project - creating E. Coli samples and treating the samples with antibiotics. Students raved about the class and said it is inspiring them to be future doctors.

Ms. Hannah Shellenberger's class at **Lincolnway** recently learned how to format a friendly letter. During the shared writing practice, students chose to construct a letter to a classmate who recently hurt her ankle. This was a well-learned lesson!

Students in **Ms. Heidi Wolf's** media class at **Wallace** celebrated "Dot Day" by combining their specials! A story + a song + games = fun!

Teachers at **Trimmer** have created a group called "Bulldog Guardians." Guardian students are chosen by showing kindness and initiative in the classroom. Guardians kicked off the year by demonstrating their P.R.I.D.E. The group, led by **Ms. Melissa Gordon** in Guidance, will welcome new students, share exciting things happening at Trimmer, and offer tours to the new students and their families. This is a great way to build leadership, communication skills, and community!
