

September 22, 2020

Dear West York Families:

This communication is being sent to the entire West York Community.

On Tuesday, September 22, 2020, the District was informed that Lincolnway Elementary has a confirmed case of COVID-19. **Due to privacy requirements, we cannot release the names of the individuals or details that may identify the individuals.**

The District has contacted faculty/staff and families of students who may have been in close contact with this positive case and has advised them to quarantine, per guidance from the Pennsylvania Department of Health (PADOH). Close contact is defined as any individual who was within six feet of an infected person for at least 15 minutes starting from two days before illness onset until the time the patient is isolated.

At this time, Lincolnway Elementary will remain open.

Throughout the pandemic, our District has been in contact with the PADOH, and we developed our District Health and Safety Plan in compliance with the guidance provided. We will continue with our cleaning and disinfecting processes to ensure all impacted areas are properly sanitized.

I can't stress enough the importance of contacting your building school nurse immediately if you, your child(ren), or anyone in your household are showing any symptoms of COVID-19, or have been tested for the virus.

If you have any questions, please contact your child's school nurse. Contact information for school nurses can be found in the [family packet](#). All future communication regarding confirmed cases will be sent to the entire West York Community.

Your confidence in the District is appreciated, and we will continue to communicate updates on this and all COVID-19-related situations as appropriate.

Sincerely,

Todd M. Davies
Superintendent of Schools
